

WORKSHEET 2: EQUITY

INHERENT CHARACTERISTICS + SPECIFIC INDIVIDUAL FEATURES

Exercise: Consider each of your crew members as an individual. What is it about them that may warrant specific attention in order to ensure they are able to contribute at their best, on a level playing field with their fellow crew members, and what can you do about it? Remember, the goal is to get the best of their excellent skills, so you can handle whatever our mission may throw at you.
